Just a Little Humor.....

MOSES AND THE RED SEA

Nine-year-old Joey, was asked by his mother what he had learned in Sunday school. "Well, Mom, our teacher told us how God sent Moses behind enemy lines on a rescue mission to lead the Israelites out of Egypt. When he got to the Red Sea, he had his army build a pontoon bridge and all the people walked across safely. Then, he radioed headquarters for reinforcements. They sent bombers to blow up the bridge all the Israelites were saved. " " Now, Joey, is that really what your teacher taught you?" his mother asked. "Well, no, Mom. But, if I told it the way the teacher did, you'd never believe it!"

Free Take Down and Disposal
Installed Single Wide Garage Door!
Value \$45 *Must have coupon!*

Excludes prior sales. Cannot be used with any other coupon. One per customer. Expires 3/30/10

Family Fun Arts and Crafts: *Fun with Apples*

CRAFT MATERIALS:

- Apples (stand up easy)
- Taper Candles
- Waxed Paper
- Potato Peeler
- Lemon Juice

1. Using an apple corer, make a hole about halfway through the middle of an apple. Make the hole as straight as possible and remove the core piece.
2. Insert a candle into the hole. It should fit tightly; if hole too big, wrap waxed paper around the candle's end.
3. Older kids can decorate by carving designs in skins with tip of peeler. To prevent apples turning brown, rub with lemon juice.
4. Arrange the candleholders in a circle on a plate or cutting board.

Time Needed:
1 Hour

JOE'S THOUGHTS.....

Be transformed by the Renewing of your mind.

THIS IS A GOOD WORD!
Romans 12:2

Just about everyone would agree that growing is a good thing, but usually few people actually are committed to the process, why? Because growth requires change, and change is hard for most people. But the truth is, without change - growth is impossible. The ironic thing is that change is inevitable! If we fight change, we will never reach our full potential as God intended!

Upgrade your Garage Door

DECORATIVE HARDWARE

Blue Ridge Handles \$18 set of two

Blue Ridge Hinges \$30 set of four

See picture on Page 1 to see sample of Carriage Door Hardware!
Other styles available.

Frequently Asked Questions.....

- 1. The wall button works, but not my remotes?**
Usually this could mean your lock button is engaged on the wall button or you may have other issues with your photo eyes.
- 2. Is there anything that can help the water from coming in under our garage door.**
Based on the reasons for the levelness of the floor, there are some products on the market that can adhere to the pavement to help fill areas that are lower.
- 3. Why does my light bulb go out?
Why does my light bulb stay on?**
The vibration caused from using an operator can sometimes be the cause of burning out a standard bulb. If that is the reason for it, there is a bulb that you can purchase as a replacement that is a Rough Service light bulb. If the light stays on for long periods of time, the most common reason is due to people walking through the Photo Eye Sensor Beam. The light does turn on every time someone walks through.

Solve these riddles

'Family Sport' Riddle

Three brothers share a family sport;
A non-stop marathon
The oldest one is fat and short
And trudges slowly on
The middle brother's tall and slim
And keeps a steady pace
The youngest runs just like the wind,
Speeding through the race
"He's young in years, we let him run,"
The other brothers say
"Cause though he's surely number one,
He's second, in a way."

WHO AM I

You will know that I am coming
From the jingle of my bell,
But exactly who I am is not an easy thing to tell.

Children, they adore me
For they find me jolly,
But I do not see them when the halls are decked with holly.

My job often leaves me frozen,
I am a man that all should know,
But I do not do business in times of sleet or ice or snow.

I travel much on business,
But no reindeer haul me around,
I do all my traveling firmly on the ground.

I love the time of Christmas,
But that's not my vocational season,
And I assure that is because of a sound economic reason.
